NOTICE OF PREQUALIFICATION REQUIREMENT AND COMPETITIVE SELECTION PROCESS

In accordance with its **Notice of Request for Prequalification Submittals from Design-Build Entities**, the Tri-City Healthcare District (“District”) hereby gives notice that it intends to request competitive proposals for Design-Build services for the Medical Center Campus Project (“Project”), and that the District has determined that Design-Build Entities must be prequalified prior to submitting a proposal. Prequalification Statements must be submitted no later than: Thursday, July 27, 2017

1. GENERAL DESCRIPTION OF THE PROJECT

The purpose of the Project is to design and construct Phase 1 of the total proposed program. The construction phase of the Project is estimated to cost approximately \$130,000,000 - \$145,000,000.

The Project will consist of:

- ~~New 300 stall surface parking lot~~ ← Removed: Not part of this scope.
- New 500 stall parking structure
- New entry drive
- Relocation of the existing loading dock
- Relocation of existing utilities
- Construction of new 4-story acute care tower
- Construction of new bridge to parking structure
- Expansion of existing central plant
- Associated site hardscape and landscape

The Project site lies 4002 Vista Way, Oceanside, CA. 92056. The Project site is more specifically depicted in the Bridging Documents, attached hereto as Exhibit A and incorporated herein by this reference.

The District has retained Vanir Construction Management, Inc. (“Vanir”) as the Program Support and Construction Manager and Sfeir Architects (“Sfeir”) as Project design planner and criteria architect.

2. GENERAL STATEMENT OF PREQUALIFICATION CRITERIA AND PRIORITIES

Design-Build Entities should include members with the following qualifications:

- **For Design:**
 - Design-build experience with projects similar to the Project in size, scope, type, complexity and cost

- Experience working with the Contractor included in the Design-Build Entity
- Experience with the design of OSHPD healthcare facilities in the State of California
- **For Construction:**
 - California Class A or B Contractor License
 - Experience constructing public sector projects
 - Design-build experience with projects similar in size, scope, type, complexity and cost
 - Experience working with the Architect of Record included in the Design-Build Entity
 - Experience with the design / build of OSHPD healthcare facilities in the State of California

3. A DESIGN-BUILD ENTITY DEFINED

A Design-Build Entity (“D-B Entity”) is defined by Public Contract Code Section 22161 as “a corporation, limited liability company, partnership, joint venture, or other legal entity that is able to provide appropriately licensed contracting, architectural, and engineering services as needed pursuant to a design-build contract.”

District will consider teams consisting of a general contractor with contractual relationships with entities providing the other required licenses and capable of providing all services required for the Project.

For purposes of prequalification, each D-B Entity must identify and provide information for certain Core Organizations, which include the General Contractor, Architect of Record, Structural Engineer of Record, Mechanical / Plumbing Engineer of Record, and Electrical Engineer of Record. These Core Organizations must individually complete the appropriate scored-question portions of the Prequalification Questionnaire and obtain a passing score in order for the D-B Entity as a whole to be qualified. Failure to provide the appropriate completed portions of the questionnaire from all required Core Organizations may result in determination of not prequalified.

If the D-B Entity chooses to use an entity with the capability of performing both design and construction services (e.g., a subcontractor with a licensed engineer and design staff), then that member must submit the applicable Prequalification Questionnaire for each Core Organization and successfully qualify for the relevant disciplines.

District reserves the right to specify additional requirements for subcontractors or sub-consultants in the Request for Proposals for the Project.

4. COMPETITIVE SELECTION PROCESS

District envisions respondents to consist of teams of consultants, design professionals and contractors that collectively possess all of the experience required to perform the entire Project. In accordance with Health and Safety Code Section 32132.5, the District plans to select a D-B Entity for the Project through a two-step competitive selection process:

- **Step 1:** Prequalification Phase of responsible and qualified D-B Entities
 - Mandatory Pre-Submittal Conference: Thursday, July 06, 2017
 - Interested D-B Entities submit Statement of Qualifications by Monday, July 27, 2017

- District determines the list of Prequalified Design-Build Entities

Only the D-B Entities that are listed in the Prequalified Proposers List at the conclusion of Step 1 (meet the minimum requirements and ranked as one of the top 3 in total score) will be allowed to participate in Step 2. District intends to award the contract on a competitive “Best Value” basis.

- **Step 2:** Proposal Phase during which District will consider proposals and pricing submitted by prequalified D-B Entities.

5. ANTICIPATED PROJECT SCHEDULE

6. PREQUALIFICATION REQUIREMENTS

It is mandatory that all interested D-B Entities submit a complete Prequalification Statement, including a completed Prequalification Questionnaire, Skilled and Trained Workforce Certification, attached hereto as Exhibit A and incorporated herein by this reference, and ALL additional requested materials, for District’s review and evaluation. In order to be deemed prequalified by District and be listed on the final Prequalified Proposers List for the Project, a D-B Entity must pass each section/subpart and be ranked as one of the top 3 in total score. **Only Design-Build Entities that are listed on the Prequalified Proposers List will be eligible to submit a Proposal.**

Prequalification Statements that fail to include ALL of the requested information, present false or misleading information, or are not submitted in the format requested may be considered nonresponsive and rejected on that basis.

While the Prequalification Questionnaire and required attachments are intended to assist District in determining qualification and responsibility prior to submittal of proposals, District reserves the right to utilize information from other sources in its prequalification evaluation of D-B Entities. District's prequalification determinations will be based on objective evaluation criteria.

However, neither the determination that a D-B Entity is prequalified, nor any prequalification rating, will preclude District from additional post-proposal consideration and determination of whether a proposer has demonstrated the requisite trustworthiness, quality, fitness, capacity and experience to be eligible for award of the design build contract.

7. PREQUALIFICATION PROCEDURE

District has based the Prequalification Questionnaire on model prequalification documents prepared by the California Department of Industrial Relations. Accordingly, the prequalification procedure described herein: (1) requires a standardized Prequalification Questionnaire, (2) adopts and applies a uniform system for rating Design-Build Entities on objective criteria, and (3) creates an appeals procedure by which a D-B Entity that is found to be not prequalified may dispute that determination.

Except for the Contact Information section (subpart I.A) of the Prequalification Questionnaire, which will be considered a public record, completed Prequalification Questionnaires and all required attachments submitted by D-B Entities during the prequalification phase shall not be open to public inspection pursuant to Public Contract Code sections 20121 and 20133. District will keep all such information confidential to the extent permitted by federal and state law. However, District reserves the right to disclose submitted prequalification information to third parties for purpose of verification, investigation, or in an appeal hearing.

8. MANDATORY PREQUALIFICATION CONFERENCE

A mandatory conference to discuss this Request for Prequalification Statement and answer questions from prospective D-B Entities prior to prequalification submittal will be held in open forum on 2:00pm Thursday, July 06, 2017 at 4002 Vista Way, Oceanside, CA. 92058.

Attendance at the meeting by a senior or executive representative of the D-B Entity is a prerequisite for submitting a Prequalification Statement.

9. PREQUALIFICATION REVIEW AND NOTIFICATION PROCESS

The completed Prequalification Questionnaire with required attachments must be submitted by the deadline specified. Once received, District will review and notify the D-B Entities as follows:

- a. Receipt: The original Prequalification Questionnaire with required attachments will be stamped upon receipt with an official date and time of receipt.
- b. Completeness Review: Each prequalification submission will be reviewed for completeness by District staff within ten (10) business days from the deadline date. The D-B Entity will then be notified as to completeness (by telephone,

facsimile, or electronic mail, at District's discretion). District staff may request additional information and if such request is made, the D-B entity will have three (3) business days from such notification to submit the requested information and the time limits for Staff Review and Qualification Notification shall be adjusted accordingly.

- c. Staff Review: Each complete Prequalification Questionnaire with all required attachments will be reviewed by District staff within fifteen (15) business days from the submission deadline date.
- d. Qualification Notification: Each D-B Entity will be notified of its qualification rating by certified mail within twenty-five (25) business days from the submission deadline date.

A D-B Entity must meet the minimum requirements for prequalification for consideration. In addition, all D-B Entities meeting the minimum requirements will be ranked according to the Total Score rating. The 3 D-B Entities receiving the highest ratings will be listed on the Prequalified Proposers List and will be eligible to submit a proposal for the Project. All D-B Entities listed on the Prequalified Proposers List will be notified when the Request for Proposal documents are issued.

If the D-B Entity is rated as "Not Prequalified" for the Project, it may appeal the determination in accordance with the appeal procedure set forth herein.

10. APPEAL PROCESS

A D-B Entity may appeal the rating of a timely and complete Prequalification Questionnaire. Upon written request, District will provide to the non-qualifying D-B Entity in writing the basis for the determination that the Proposer is not prequalified, and copies of any supporting evidence that has been received from others or adduced as a result of District's own investigation.

In order to appeal, a D-B Entity must deliver to District written notice of its appeal of District's determination with respect to that Entity's prequalification rating no later than 5:00 p.m. on the fifth (5th) business day after District issues notice of non-qualification (not the date the D-B entity receives such notification of non-qualification). The notice of appeal must be submitted to Vanir Construction Management, Inc. 701 B Street Suite 1725, San Diego, CA. 92101. Failure to timely appeal a non-qualified prequalification determination waives any and all rights of a D-B Entity to further challenge District's prequalification determination.

The notice of appeal must include a complete statement of the reasons and facts for the appeal; must refer to the specific portions of all documents that form the basis for the appeal; and must include the name, address, email address, facsimile number and telephone number of the person representing the D-B Entity appellant.

If a D-B Entity gives the required notice of appeal and requests a hearing, a hearing shall be conducted no later than ten (10) business days after District's receipt of the notice of appeal. The hearing shall be an informal process conducted by Vanir Construction Management, Inc and Tri-City Medical Center (the "Project Appeals Hearing Committee". During the hearing, the D-B Entity will be given the opportunity to rebut any evidence used as a basis for the non-qualified determination and to present evidence to District as to why it should be found prequalified.

The Project Appeals Hearing Committee will render their decision in writing to the D-B Entity. The written decision of the Project Appeals Hearing Committee shall be final. It is the intention of District that the date for the submission of Proposals in response to the Request for Proposals will not be delayed or postponed to allow for completion of an appeal process.

The appeal procedures and time limits set forth in this section are mandatory and constitute each D-B Entity's sole and exclusive remedy in the event of an Appeal. A D-B Entity's failure to timely complete both the appeal and appeal procedures shall be deemed a failure to exhaust administrative remedies. Failure to exhaust administrative remedies, or failure to comply otherwise with these procedures, shall constitute waiver of any right to further pursue the appeal, including filing a Government Code claim or legal proceedings.

11. REQUESTS FOR CLARIFICATIONS

Any questions and requests for clarifications regarding the Project and the prequalification process must be in writing and submitted directly to: Marc Howell c/o Vanir Construction Management, Inc. (marc.howell@vanir.com) 949-610-5111.

Please be advised that District will not respond to questions received after the time specified herein.

12. ANTICIPATED PREQUALIFICATION SCHEDULE

The following is the anticipated schedule of events for this Prequalification process:

<u>Action</u>	<u>Date</u>
Mandatory Pre-Submittal Conference	<u>July 06, 2017</u>
Written Questions Due	not later than 5:00 p.m. PDT on <u>July 17, 2017</u>
Prequalification Statement Submission Deadline	not later than 2:00 p.m. PDT on <u>July 27, 2017</u>

District reserves the right to extend the deadline for submittal of Prequalification Submittals and related materials. If it chooses to exercise this right, it will do so through an addendum sent by e-mail to all persons or entities that requested prequalification materials.

13. CONFLICTS OF INTEREST

No architect or engineer retained by District whom assists in the development of pre-proposal Project-specific documents may participate in any D-B Entity in the preparation of a proposal for the Project as further described in the District's conflict of interest policy for the Project. Currently, this excluded list consists of:

1. Vanir Construction Management, Inc.
2. Sfeir Architects, Inc.
3. Sun Structural Engineering, Inc.
4. Mechanical Engineering: Mazzetti

5. Specifications: SCI

14. RIGHTS RESERVED BY DISTRICT

District may deny prequalification where the requested information and materials are not provided, or not provided by the date specified. There is no appeal from a denial due to an incomplete or late submittal.

District reserves the right to accept prequalification submittals despite minor irregularities and omissions in the information that could disqualify a D-B Entity. District reserves the right to make all final prequalification determinations and to determine at any time that the prequalification procedures will not be applied to the Project.

District reserves the right to adjust, increase, limit, suspend or rescind a D-B Entity's prequalification rating based on subsequently-acquired information. D-B Entities whose rating changes sufficient to disqualify them will be notified and given an opportunity for an appeals process consistent with the procedures for appealing an initial prequalification determination.

District reserves the right to modify, suspend, or cancel this Project, including the prequalification phase, in whole or in part, at any time and at its sole discretion. The Design-Build Entity will be solely responsible for the costs of preparing the prequalification materials and participating in the prequalification process.

Explanation of Scoring Framework

EXPLANATION OF SCORING FRAMEWORK

The prequalification determination for a D-B Entity will result from consideration of the scores attained in all parts of the Prequalification Questionnaire.

In addition to attaining scores at or above the specified minimums for each Section and/or subpart, the scores for each subpart in Part III and Part IV will be combined to calculate a “Total Score.” All D-B Entities receiving a pass rating will be ranked according to the Total Score and the top three scores will be included on the Prequalified Proposers List.

PART I: INFORMATION ABOUT THE D-B ENTITY AND EACH OF ITS CORE TEAM MEMBERS

Part I applies to the D-B Entity as a whole and to each of its Core Organizations, and is for identification purposes only. There is no scoring value to this portion of the Prequalification Questionnaire.

Note: Subpart I.A is the only public record portion of the Prequalification Questionnaire.

PART II: ESSENTIAL REQUIREMENTS FOR THE DESIGN-BUILD ENTITY AS A WHOLE

Part II applies to the D-B Entity as a whole and to each of its Core Organizations, and consists of a series of pass/fail qualification questions. All questions must receive a “Pass” or the D-B Entity may be disqualified with no consideration given to the remainder of the Prequalification Questionnaire.

PART III: SCORED QUESTIONS FOR INDIVIDUAL MEMBERS OF THE D-B ENTITY AND CORE ORGANIZATIONS

Part III includes a series of questions that must be answered, each of which has an established numerical score (as indicated in the Scoring Worksheet provided herein). The D-B Entity must attain scores at or above the specified minimums for each subpart in order for the D-B Entity to be deemed prequalified.

Subpart III.A: Scored Questions for the General Contractor

Subpart III.A applies to the General Contractor. A minimum score of 120 must be attained for the General Contractor or the D-B Entity will not be deemed prequalified.

Subpart III.B: Scored Questions for the Architect of Record

Subpart III.B applies to the Architect of Record. A minimum score of 55 must be attained for the Architect of Record or the D-B Entity will not be deemed prequalified.

PART IV: RELEVANT EXPERIENCE

Part IV requires the D-B Entity to submit information regarding recently-completed projects that are of similar size, type, and complexity. District will have sole discretion to determine which projects are similar to the Project in size, type, and complexity. The responses will be scored

(as indicated in the sample Scoring Worksheet provided herein). The D-B Entity must attain scores at or above the specified minimums for each subpart in order for the D-B Entity to be deemed prequalified.

Subpart IV.A: Relevant Experience of the General Contractor

Subpart IV.A applies to the General Contractor. A Minimum score of 18 must be attained for the General Contractor or the D-B Entity will not be deemed prequalified.

Subpart IV.B: Relevant Experience of the Architect of Record

Subpart IV.B applies to the Architect of Record. A Minimum score of 13 must be attained for the Architect of Record or the D-B Entity will not be deemed prequalified.

Revised minimum score

PART V: VERIFICATION

Part VI requires verification under oath by the D-B Entity and each Core Organization in a manner consistent with the verification requirements for civil pleadings pursuant to Code of Civil Procedure section 446. District will not review Prequalification Questionnaires that are not properly verified.

Instructions for Prequalification

INSTRUCTIONS FOR PREQUALIFICATION SUBMISSION

Each Prequalification Questionnaire must be signed under penalty of perjury in the manner designated on the Certification page (Part VI), by an individual who has the legal authority to bind the D-B Entity and each Core Organization on whose behalf that person is signing.

If any information provided by a D-B Entity or Core Organization becomes inaccurate, the D-B Entity must immediately notify District and provide updated accurate information in writing, under penalty of perjury.

Requested information must be provided on the Prequalification Questionnaire forms provided. To the extent that additional space is required in order to fully and completely answer any question the submitting firm should note in the Questionnaire that additional information is being submitted. Submit such information on the company letterhead of the firm submitting the Questionnaire with reference to: (a) the Project, (b) the relevant subpart and question, and (c) the Questionnaire page number for which the information is being provided.

Prequalification Questionnaires must be submitted in 3-ring binders with tabs indicating all subparts. Attachments and additional information must be placed behind the appropriate tabs for the subpart for which they are required. The front of the binders must be marked "CONFIDENTIAL" and must indicate the D-B Entity's name and address using the following format:

PREQUALIFICATION QUESTIONNAIRE
[Company Name and Address]
Project Name: Tri-City Medical Center Total Program Project

An electronic copy of the completed, signed Prequalification Questionnaire with required attachments must be submitted in portable document format (.pdf) on a removable storage device (i.e. compact disc or USB drive) in a sealed envelope marked "CONFIDENTIAL" and labeled as above.

A complete submission must include ALL of the following:

- 1 complete original and verified Prequalification Questionnaire bound together as described above with ALL required documents
- 3 bound, printed hard-copies of the same
- 1 electronic copy of the same in pdf format

Prequalification Questionnaires must be received at:

Vanir Construction Management, Inc.
701 B Street, Suite 1725
San Diego, CA. 92101
c/o Marc Howell

No Later Than: 2:00 pm (PDT) on Thursday, July 27, 2017.

Respondents shall assume full responsibility for timely delivery at the location designated for receipt of Prequalification Questionnaires. **ORAL, TELEPHONIC, FACSIMILE, TELEGRAPHIC, OR E-MAILED PREQUALIFICATION QUESTIONNAIRES ARE INVALID AND WILL NOT BE ACCEPTED. NO PREQUALIFICATION DOCUMENTS WILL BE ACCEPTED AFTER THE DUE DATE AND TIME** unless District determines that it is in its best interest to reopen the prequalification process. All submittals, whether delivered by contractor, U.S. Postal Service, courier or package delivery service, must be received and time stamped at the stated address no later than the time designated. District's timestamp shall be considered the official timepiece for the purpose of establishing the actual receipt of submissions.

PART II ESSENTIAL REQUIREMENTS FOR THE DESIGN-BUILD ENTITY AS A WHOLE**II.A. ESSENTIAL REQUIREMENTS FOR THE D-B ENTITY AS A WHOLE**

NOTE: A “No” response to question 1 will result in a “Fail” rating and the D-B Entity will be automatically disqualified without further consideration.

1. If the D-B Entity is a joint-venture or partnership, has the D-B Entity attached a copy of the agreement creating the entity which specifies that all partners or association members agree to be fully liable for the performance under the design-build contract?
NOTE: A corporation or sole proprietorship is not required to answer this question and should mark “N/A”.
- Yes No N/A

NOTE: A “Yes” response to questions 2 through 8 will result in a “Fail” rating and the D-B Entity will be automatically disqualified without further consideration.

2. Has the D-B Entity ever defaulted or been found in default on a construction contract?
 Yes No
3. Within the last five (5) years, has a surety firm completed a contract on behalf of the D-B Entity or any of its members, or paid for completion because the D-B Entity or one of its members was terminated for default by the project owner?
 Yes No
4. At the time of submitting this Prequalification Questionnaire, is the D-B Entity or any of its members ineligible to bid on, propose on, or be awarded a public works contract, or perform as a Subcontractor on a public works contract, pursuant to either Labor Code section 1777.1 or Labor Code section 1777.7?
 Yes No
5. At any time during the last five (5) years, has the D-B Entity, or any of its members, been convicted of a crime involving the awarding of a contract for a government construction project, or the bidding or performance of a government contract?
 Yes No

Yes No

If "yes," describe the nature of each violation, identify the name of the project, the date of its completion, the owner for which it was constructed, and give a brief explanation (attach additional sheets if necessary).

Violation:		Project:	
Completion:		Owner:	
Explanation:			

A-5. At any time in the last five years has the General Contractor or GC Associates been assessed and paid liquidated damages of more than \$10,000 after completion of a project under a construction contract with either a public or private owner?

Yes No

If yes, identify all such projects by owner, owner's address, completion date of the project, amount of liquidated damages assessed and all other information necessary to fully explain the assessment of liquidated damages (attach additional sheets as necessary):

Owner:		Address:	
Completed		Amount:	
Other:			

NOTE: For purposes of questions 6 and 7, the term “Associated Firm” refers to another construction firm in which an owner, partner or officer of the GC firm held a similar position, and which is listed in response to question 3 or 4 of Part I.C of this form.

A-6. Have the General Contractor or an Associated Firm, or any firm with which any of the General Contractor’s owners, officers or partners was associated, ever defaulted on a construction contract?

Yes No

If “yes,” for each instance, identify the company, the person within the General Contractor who was associated with that company, the year of the event, the owner of the project, the project and the basis for the default (attach additional sheets as necessary):

Company:		Person:	
Year:		Owner:	
Basis:			

A-7. In the last five years, have the General Contractor or an Associated Firm, or any firm with which any of the General Contractor’s owners, officers or partners was associated, been debarred, disqualified, removed or otherwise prevented from bidding on, or completing, any government agency or public works project for any reason?

Yes No

If “yes,” for each instance, identify the company, the person within the General Contractor who was associated with that company, the year of the event, the owner of the project, the project and the basis for the action (attach additional sheets as necessary).

Company:		Person:	
Year:		Owner:	
Basis:			

A-8. Have the General Contractor or its GC Associates, or any firm with which any of the General Contractor’s owners, officers or partners was associated ever been denied an award of a public works contract based on a finding by a public agency that your company was not a responsible bidder?

Yes No

If “yes,” for each instance, identify the year of the event, the owner, the project, the name of the public agency, and the basis for the finding by the public agency (attach additional sheets as necessary):

Year:		Owner:		Project:	
Basis:					

A-9. In the past five years has any claim in excess of \$10,000 been made against the General Contractor or its GC Associates arising from or related to a design or construction contract (including claims for violation of the Federal or California False Claims Act) that was not resolved by change order?

Yes No

If “yes,” identify each claim by providing the project name, date of the claim, name of the claimant, a brief description of the nature of the claim, the court in which the case was filed (if applicable) and a brief description of the status of the claim (pending or, if resolved, a brief description of the resolution). Attach additional sheets if necessary:

Project:		Date:	
Claimant:		Court:

Description:			

A-10. In the past five years have the General Contractor or its GC Associates made any claim in excess of \$10,000 against a project owner arising from or related to a design or construction contract that was not resolved by change order?

Yes No

If “yes,” identify each claim by providing the project name, date of the claim, name of the entity (or entities) against whom the claim was filed, a brief description of the nature of the claim, the court or venue in which the case was filed and a brief description of the status of the claim (pending, or if resolved, a brief description of the resolution). Attach additional sheets as necessary:

Project:		Date:	
Entity:		Defendant:	
Description:			

A-11. In the last five years has any insurance carrier, for any form of insurance, refused to renew the insurance policy for the General Contractor or its GC Associates?

Yes No

If “yes,” for each carrier, give name the insurance carrier, the form of insurance and the year of the refusal (attach additional sheets as necessary):

Year:		Carrier:		Form:	
Comments:					

A-12. Have the General Contractor or its GC Associates been required to pay a premium of more than one percent (1%) for a performance and payment bond on any project(s) on which the General Contractor or its GC Associates worked at any time during the last five years?

Yes No

If "yes" for each relevant year, state the percentage that your firm was required to pay; you may provide an explanation for a percentage rate higher than one percent (1%), if you wish to do so (attach additional sheets as necessary):

NOTE: Score will be based on the highest single year.

Year:		Rate:	
Explanation:			

A-13. During the last five (5) years, have the General Contractor or its GC Associates been denied payment or performance bond coverage by a surety company, or has there ever been a period of time when General Contractor or its GC Associates had no surety bond in place during a public construction project when one was required?

Yes No

If yes, for each instance, indicate the date when General Contractor or its GC Associates were denied coverage and the name of the company or companies that denied coverage; and the period during which you had no surety bond in place (attach additional sheets as necessary):

Date:		Surety:		Duration Period:	
Explanation:					

A-14. Has CAL OSHA cited and assessed penalties against the General Contractor or its GC Associates for any “serious,” “willful” or “repeat” violations of CAL OSHA safety or health regulations in the past five (5) years?

NOTE: If the General Contractor or its GC Associates have filed an appeal of a citation that has not yet been ruled on, it need not include information about that claim.

Yes No

If “yes,” for each citation, describe the citations, including information about the dates of the citations, the nature of the violation, the project on which the citation(s) was or were issued, the amount of penalty paid, if any. If the citation was appealed to the Occupational Safety and Health Appeals Board and a decision has been issued, state the case number and the date of the decision (attach additional sheets as necessary):

Description:		Date:		Nature:	
Project:		Amount:			

A-15. In the past five years, has the federal Occupational Safety and Health Administration cited and assessed penalties against the General Contractor or its GC Associates?

NOTE: If the General Contractor or its GC Associates have filed an appeal of a citation that has not yet been ruled on, it need not include information about that claim.

Yes No

If “yes,” describe each citation (attach additional sheets as necessary):

Explanation:

A-16. In the past five (5) years, has the EPA or any Air Quality Management District or any Regional Water Quality Control Board cited and assessed penalties against either the General Contractor or its GC Associates, or the owner of a project on which the General Contractor was part of the D-B Entity, in the past five (5) years?

Yes No

If “yes,” describe each citation (attach additional sheets as necessary):

Explanation:

A-17. In the past five (5) years, have the General Contractor or its GC Associates been cited for violations of the Federal Insurance Contributions Act (FICA; 26 U.S.C. Sec. 3101 et seq.) withholding requirements?

EXHIBIT A

SKILLED AND TRAINED WORKFORCE CERTIFICATION

The undersigned does hereby certify to the Board of Directors of the Tri-City Healthcare District ("District") as follows:

I am the _____ [title] of _____ [proposer], the party submitting the Prequalification Statement ("Proposer").

Public Contract Code section 22164 requires the Proposer to provide an enforceable commitment to the District that the Proposer and its subcontractors at every tier will use a skilled and trained workforce to perform all work on the project or contract that falls within an apprenticeable occupation in the building and construction trades as a condition of being prequalified.

A "skilled and trained workforce" means a workforce that meets all of the following conditions:

- All the workers are either skilled journeypersons or apprentices registered in an apprenticeship program approved by the Chief of the Division of Apprenticeship Standards.
- As of January 1, 2016, at least 20 percent of the skilled journeypersons employed to perform work on the contract or project by the Proposer and each of its subcontractors at every tier are graduates of an apprenticeship program for the applicable occupation that was either approved by the Chief of the Division of Apprenticeship Standards pursuant to Section 3075 of the Labor Code or located outside California and approved for federal purposes pursuant to the apprenticeship regulations adopted by the federal Secretary of Labor.
- As of January 1, 2017, at least 30 percent of the skilled journeypersons employed to perform work on the contract or project by the entity and each of its subcontractors at every tier are graduates of an apprenticeship program for the applicable occupation that was either approved by the Chief of the Division of Apprenticeship Standards pursuant to Section 3075 of the Labor Code or located outside California and approved for federal purposes pursuant to the apprenticeship regulations adopted by the federal Secretary of Labor.
- As of January 1, 2018, at least 40 percent of the skilled journeypersons employed to perform work on the contract or project by the entity and each of its subcontractors at every tier are graduates of an apprenticeship program for the applicable occupation that was either approved by the Chief of the Division of Apprenticeship Standards pursuant to Section 3075 of the Labor Code or located outside California and approved for federal purposes pursuant to the apprenticeship regulations adopted by the federal Secretary of Labor.
- As of January 1, 2019, at least 50 percent of the skilled journeypersons employed to perform work on the contract or project by the entity and each of its subcontractors at every tier are graduates of an apprenticeship program for the applicable occupation that was either approved by the Chief of the Division of Apprenticeship Standards pursuant to Section 3075 of the Labor Code or located outside California and approved for federal purposes pursuant to the apprenticeship regulations adopted by the federal Secretary of Labor.
- As of January 1, 2020, at least 60 percent of the skilled journeypersons employed to perform work on the contract or project by the entity and each of its subcontractors at every tier are graduates of an apprenticeship program for the applicable occupation that was either approved by the Chief of the Division of Apprenticeship Standards pursuant to Section 3075 of the Labor Code or located outside California and approved for federal purposes pursuant to the apprenticeship regulations adopted by the federal Secretary of Labor.
- For an apprenticeable occupation in which no apprenticeship program had been approved by the chief prior to January 1, 1995, up to one-half of the graduation percentage requirements under Public Contract Code section 22164(c)(1)(B)(ii) may be satisfied by skilled journeypersons who commenced working in the apprenticeable occupation prior to the chief's approval of an apprenticeship program for that occupation in the county in which the project is located.

The Proposer has reviewed the skilled and trained workforce requirements under Public Contract Code section 22164 (as it may be amended from time to time), including the foregoing requirements, and does hereby certify that it shall comply with the same pursuant to one of the following methods:

- The Proposer will provide monthly reports to the District demonstrating that the Proposer and its subcontractors performing work on the project or contract are complying with the requirements of Public Contract Code section 22164.
- The Proposer will provide evidence that the Proposer has become party to a project labor agreement entered into by the District that binds all contractors and subcontractors performing work on the project or contract and that includes the requirements of Public Contract Code section 22164.

Any person executing this certification on behalf of a Proposer that is a corporation, partnership, joint venture, limited liability company, limited liability partnership, or any other entity, hereby represents that he or she has full power to execute, and does execute, this certification on behalf of the Proposer.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct and that this certification is executed on _____ [date], at _____ [city], _____ [state].
