Tri-City Hospital Foundation Presents an Evening with Jay Leno

36th Annual Diamond Ball fundraiser moves to Omni La Costa Resort & Spa to accommodate larger audience and bigger laughs

OCEANSIDE, Calif. (May 12, 2016) – In what is expected to be a sold-out event, “the hardest working man in show business” will come to Carlsbad’s Omni La Costa Resort & Spa on Sat., Nov. 12, for Tri-City Hospital Foundation’s annual Diamond Ball. The classy black-tie gala raises funds for Tri-City Medical Center, a community hospital serving the communities of North San Diego County that has consistently received an ‘A’ rating for hospital patient safety.

Widely known as a late night TV show host, Jay Leno has also earned broad appeal as a stand-up comedian, best-selling children’s book author, pioneering car builder and mechanic, and philanthropist. His latest venture, “Jay Leno’s Garage” of which he is a producer as well as star, has gained an international following on the Web, not to mention an Emmy Award and two additional nominations for Outstanding Special Class–Short-Format Nonfiction Programs.

“Jay Leno is not just one of America’s most beloved entertainers, he is a philanthropist at heart and knows the joy of giving as well as the healing power of humor,” said Glen Newhart, President of the Tri-City Hospital Foundation. “We consider ourselves really fortunate to have him join us for our Diamond Ball. It’s going to be a blast while helping raise funds to support our mission of providing exceptional healthcare in our community.”

About Tri-City Hospital Foundation

Tri-City Hospital Foundation is celebrating more than 50 years as a link between the community and the hospital. Since its inception, the Foundation has provided over

\$46 million in grants to Tri-City Medical Center. Many of the hospital's most mission-critical facilities have been supported in whole or part by Foundation initiatives and community donors. Recently, the Foundation helped fund a GE Revolution CT Imaging System making Tri-City Medical Center the first hospital in San Diego County and Southern California to have this state-of-the-art digital imaging system in use.
