\$13.18/hour**

Location: Tri-City Medical Center
4002 Vista Way, Oceanside, CA 92056
Assembly Room 3 located on the lower level of the hospital

Date: Monday, May 21, 2018

Time: 7:00am – 9:00am and 5:00pm – 7:00pm

Position Summary:

The role of the patient safety technician is to provide a safe environment for patients who are at high risk for untoward events. This person is responsible for assisting the registered nurse, in providing constant observation and general care to the patient assigned. This person functions under the direction of an RN.

Qualifications:

- One year experience working in healthcare, preferred
- Must be able to meet the physical demands of the job (assisting with patient restraint, light to heavy lifting and/or pushing of patients or equipment), required
- Current BLS certification required
