Tri-City's Community Connections

Important Updates 

Telemedicine 

Our Community 

JULY 2020

This newsletter contains important updates on Tri-City Medical Center and our community

MESSAGE FROM STEVE DIETLIN **CEO at Tri-City Medical Center**

Tri-City Medical Center has been serving the residents of Carlsbad, Oceanside, Vista and the surrounding communities for nearly 60 years and is focused on providing the highest quality care to our patients and community. While the COVID-19 pandemic has created challenges for everyone, at TriCity Medical Center we remain committed to our mission “to advance the health and wellness of the community we serve” and are here for you, your family and our entire community in your time of need.

North County is truly special and is capable of rising to any challenge!

We have received countless donations of food, supplies, equipment and more since the beginning of the pandemic. Tri-City is eternally grateful for the generosity of our community during these challenging times. To learn more about the support we've received from our community partners, please visit our [#StrongerTogether](#) page.

Rest assured that we are here 24/7 for our community's healthcare needs and you can be assured that high quality, safe and compassionate care is available close to home.

Your health is essential, even during a pandemic

Tri-City's Emergency Department is safe, clean and prepared to handle emergencies as well as #COVID19 cases. If you're experiencing an emergency, don't delay care.

Worried about exposure to COVID-19? Please know that all patients experiencing symptoms of COVID-19 are screened and routed through a separate entrance where they can be treated in a safe and secure area to reduce the risk of transmission to others.

Concerned that our emergency department may be too crowded? Our emergency department is safe, open and ready to serve all patients!

Have a non-emergency but need to see a physician? Tri-City Medical Center now offers secure [telemedicine options](#) for you and your family.

For life-threatening emergencies call 911 or visit your local emergency room immediately.

TRI-CITY WELLNESS & FITNESS CENTER UPDATE

On July 13th, the [State of California](#) announced a re-closure of various indoor activities including gyms and fitness centers. In light of this recent order and out of an abundance of caution for our members during the COVID-

19 pandemic, Tri-City Medical Center and Active Wellness have determined in partnership that operations at the Tri-City Wellness & Fitness Center will remain suspended for an indefinite period of time.
